May 2025

B.S in Psychology

B.S in Information Management & Technology: Concentration in Web Design

Dean's List Recipient Spring 2024, Fall 2024, Spring 2025

Relevant Coursework

Graphic Design for the Web, Introduction + Advanced Front-End Web Development, Digital Strategies & Analytics for Web Development, Introduction to Database Management Systems, Introduction to Python, Project Management, Social Psychology

Projects

Inter Miami Player Card

2025

- Designed collectible-style graphics featuring Lionel Messi using Adobe Photoshop and Illustrator, combining modern typography with a bold athletic aesthetic to highlight player presence and brand identity

PieceIT

2025

- Constructed a UI/UX wireframe in Figma highlighting a personalized interior design experience, allowing users to photograph their space and receive curated furniture recommendations based on aesthetic preferences, price filters, and in-room visualizations

Zomato's Case Study

2025

- Conducted market research on Zomato's business model, analyzing company and market data to identify key success factors behind its growth in India and assess potential for global scalability, presenting insights to company representatives

Adobe Case Study

2025

- Collaborated with a student team to analyze Adobe Firefly's strategic, ethical, and legal implications across platforms while developing recommendations on product integration and user impact, and presented findings directly to Adobe executives

Leadership Experience

President || Mexican Student Association at Syracuse University

08/2024 - 05/2025

- Fostered a rapidly growing 150+ member organization by organizing large-scale events, collaborating with the Executive Board while strengthening relationships with campus administration and student organizations, boosting engagement and visibility
- Overlooked a \$25,000 semester budget to fund events, initiatives, and operational costs, ensuring financial accountability and enabling consistent programming
- Led the execution of five high-impact events in one semester, attracting approximately 450 attendees in total — doubling attendance from the previous year and reinforcing the organization's role as a key cultural hub on campus

Graphic Designer || Mexican Student Association at Syracuse University

08/2023 - 05/2024

- Designed visually engaging posters, flyers, and social media content through Adobe Photoshop and Canva, amplifying event visibility and engagement
- Executed data-driven social media strategies to reinforce the organization's online presence, driving engagement and awareness on events and activities
- Increased followers by 32% in 6 months by navigating research and leveraging social media analytics to assess post-performance, identify trends, and optimize content for enhanced reach and engagement

Work Experience

Food Service Associate || CoreLife Eatery

09/2021 - 04/2025

- Served 300+ customers during peak hours at one of CoreLife's top-performing locations to ensure customer satisfaction
- Conserved efficiency while coordinating with team to streamline workflows and improve dining experiences
- Adapted quickly to fluctuating volumes and order complexities, meeting customer preferences and maintaining quality standards

Sales Associate || UNIQLO NYC Flagship

05/2024 - 08/2024

- Delivered exceptional customer service to 2,500+ local and international customers daily at UNIQLO's Fifth Avenue flagship store, a high-traffic location generating \$500K+ in daily sales
- Worked together with team members to navigate peak-hour rushes, ensuring seamless customer experiences
- Upheld inventory records and applied product knowledge to recommend suitable products and promotions, driving sales performance

Barista/Cashier || Nordstrom NYC Flagship

05/2023 - 08/2023

- Prepared beverages in a lively café at Nordstrom's NYC Flagship, catering to an upscale customer base
- Provided personalized customer service to an average of 150+ customers, ensuring a positive guest experience in a fast-paced setting
- Analyzed daily sales trends to identify popular items and optimize offerings to improve product performance
